

Syllabus of Certified FinTech Manager (CFTM™) certification

CFTM™ (Certified FinTech Manager) certification program aims to lead **CFTM™** candidates to the fast-changing landscape, addressing both the opportunities and challenges. **CFTM™** participants will gain insight into the current FinTech ecosystem, including notable FinTech companies and the FinTech investing community. In **CFTM™ certification program**, a framework and deep survey including digital payments, artificial intelligence, blockchain, and cryptocurrency, as well as innovations in the related markets of real estate and insurance will be presented. **CFTM™** participants will also be led to the trends, insights, tools, and technologies driving the FinTech revolution. Furthermore, **CFTM™** certification program provides participants with a look at the regulatory atmosphere surrounding FinTech.
